

WOODLAND TRAIL SCOUT RESERVATION PATCHES
MIAMI VALLEY COUNCIL #444 1959 TO PRESENT

The patches shown in this collection are the summer camp patches issued to Scouts, leaders and in some year, Cub Scouts and Webelos. The land for Woodland Trails was purchased in 1958, in order to replace the landlocked Cricket Holler as the council summer camp. The first camping season was 1959. Although "Kit Cricket" had been the mascot for Cricket Holler since the early 1920s, he was also adopted by Woodland Trails when the camp was opened, and the original artist, Milton Caniff attended the dedication.

This compilation was first put together by Larry Hodapp, an active volunteer and collector, and was supplemented by Mike Clinch

WOODLAND TRAILS SCOUT RESERVATION HIKING TRAILS PATCHES

Early in the history of WTSR, four hiking trails were established. Three of them, the Red Stallion, Blue Water and Chuck Wagon Training Trails were five miles long, and were close to the developed portion of the camp. The Happy Hunting Grounds Trail was ten miles long, and extended into the western, undeveloped part of camp, now owned by ODNR. These trails are being re-established by Miami Lodge (495).

WOODLAND TRAILS SCOUT RESERVATION COUNCIL SHOULDER PATCHES (CSPs)

Between 2005 and 2011, Woodland Trails also issued CSPs to (initially) unit leaders and staff, and later, to all participants, in addition to the patches for attending camps.
