FOR CORRESPONDENCE

**Nelson Column and Trafalgar Square
London.**—184 feet 11 inches in height,
erected in 1840-43 from designs by William
Railton.

The colossal statue of Lord Nelson which
surmounts the pedestal is 17 feet 4½ inches
in height, and is the work of E. H. Baillie.

Hi

I am having lots of
fun but the weather
is wet and cool. Hope
you are having better
weather there. Will see
you soon.

yours

Todd
