

# A Pictorial History of Scouting Insignia **Shenandoah Area Council**

1910-2010

# Dedications

This book is dedicated to William W. Wolfersberger, Scout Executive 1969-1992, who with many other professionals and volunteers saved Shenandoah Area Council from the country and region-wide mergers of councils in the 1970s-1990s. This allowed Shenandoah Area Council to have a past and a future for the youth in the northern Shenandoah Valley. In 1993, he co-founded the Shenandoah Area Council History and Museum Committee with George Beatty.

This history of patches and memorabilia represents Scouting activities from before World War I through 2010. Each patch represents an activity that allowed Scouting to teach its values of character, citizenship, and outdoor skills, which over the years represents tens of thousands of Scouts. The patches themselves are a visible history of this service. This book represents countless hours of research, scanning, and cataloging of these items.

The following staff produced this book and would appreciate any comments, corrections, and additions to gratefulgg@hotmail.com as we continue into the next 100 years.

**In memory of Ray Garrabrandt (1902-1992),  
Founder of Lodge 276 in 1944**

# Introduction

In 1911 Scouting first appeared in the 9 country area (Morgan, Berkeley, and Jefferson Counties in West Virginia, and Frederick, Clarke, Shenandoah, Warren, Page, and Rappahannock Counties and the City of Winchester in Virginia) which eventually became Shenandoah Area Council. This area applied to the National Council to become a First Class Council on November 1, 1928. Shenandoah Area Council has been serving the youth of this area continuously since then.

Prior to 1928, Second Class Councils had been chartered in Luray, VA (February 28, 1913 through 1917), Front Royal, VA (1917, with 2 troops and a possible link to the Luray Council), and Winchester, VA (January 19, 1915 through 1918).

The first record of a troop charter dates back to October 20, 1911 in Martinsburg, WV. Troop 1 was formed at the YMCA and held their first summer camp for 10 days in 1912 on the Fuss property at the Back Creek Bridge on Route 9.

This record shows that Scouting has existed in the Shenandoah Area Council since at least 20 months after the BSA was formed in the United States on February 8, 1910. Surely some scouts and possible earlier troops existed as early as 1910, making the northern Shenandoah Valley a vanguard area for the BSA.

Martinsburg also formed a Scout council on December 8, 1928, but little is known of it's history. The Martinsburg Journal records in a 1941 article that Troop 13 (the 13th area of Winchester's Shenandoah Area Council) is the only troop in Berkeley, WVA with continuous registration since Shenandoah Area Council's chartering.

Troop 1 of Winchester, VA was started in 1914, quickly followed by Troop 2 and Troop 3. These troops as Winchester Council rented 2 rooms on North Main Street to share. The 3 troops merged during World War I and Troop 1 served as the only troop in Winchester from 1922-1928. Troops 2 and 3 reformed in 1928.

Little is known of the earliest troops in our Southern area except for the Council charters of Luray and Front Royal.

The comprehensive history of Shenandoah Area Council from 1913-1973 was compiled by editor, Tom Louthan in a book called *Neath the Azure Blue; The First 60 Years of Scouting in the Shenandoah Area*. This volume contains a history of Scouting, its troops, districts, councils, lands, and the growth of the Shenandoah Area Council.

An earlier work by Tom Louthan, *Profiles in Silver 1944-1969; History of Shenshawpotoo Lodge No. 276*, chronicles the lodge's first 25 years.

An extensive history of the Shenandoah Area Council since 1973 and Shenshawpotoo Lodge since 1969 has yet to be written.

This book , showing the insignia of our council, camps, and OA lodge, make no attempt to record our complete history but instead to represent our continued growth and excellence in the Scouting.

Shenandoah Area Council's History and Museum Committee meets the first Wednesday of each month (Aug-June) and the second Saturday of each month (Aug-June) and holds our annual dinner on the first Wednesday of November each year.

All Scouts and Scouters are invited to attend and donations of Scouting memorabilia are always welcome. We intend to concentrate on Shenandoah Area Council items, but we have a significant collection of other items. The museum, located on the second floor of the Scout office (107 Youth Development Court, Winchester, VA), is open during office hours and museum meetings. Guided tours can be arranged by contacting the Scout office.

## Issue & Variety

All Order of the Arrow insignia are identified by a letter and a number. The first letter is a capital letter or letters and represents the basic issue type. These letters have developed historically within the hobby. Some of the letters refer to the shape of the patch. Other letters refer to the material the patch is made of and yet other letters describe where the insignia is worn. If this seems confusing, you are correct. It is confusing. However, the issue lettering system for patches is well over forty years old and is firmly entrenched within the hobby.

Issue letters that describe shape:

A = Arrowhead shaped patch generally smaller than 5 inches in height

F = Flap shaped patch that is not fully embroidered

P = Pie or triangular shaped patch designed for a neckerchief point

R = Round patch generally less than 5 inches in diameter

S = Flap shaped patch that is fully embroidered

X = Patches of any of shapes not listed above (odd shapes) generally smaller than 5 inches

Issue letters that describe material:

B = Patch of any shape that is made of Bullion construction

C = Patch of any shape that is chenilled, either in whole or part

L = Patch of any shape made of leather

M = Any full-size emblem that is metal (does not include hat pins)

W = Woven patch, generally flap shaped but not always

Issue letters that describe location worn:

J = Jacket patch and large patches generally over 6 inches

N = Neckerchiefs, either printed or embroidered. Those with patches sewn upon them are not listed but are described by their patches.

ARM = Armband

HBD = Headband

Issue letters that describe special categories:

There are certain categories of patches that are noted by having another letter preceding one of the letters above. Example: YS2

e = Event Issue. Event issues are items by a lodge for an activity such as an ordeal, fellowship, banquet or reunion. They do not include contingent items for Jamborees, NOAC's or Conclaves. Event items are listed by their year, not by their shape. This allows chronological listing and easy future additions of missing items. Event items are usually collect by date.

H = Historical issue. Historical issues are official re-issues of patches previously made by the lodge or in the case of merged lodges, commemorative patches made by the lodge resulting from the merger. There is controversy regarding what constitutes a historical badge, some collectors view historical badges as being nothing more than officially sanctioned fakes. In general, to be a historical patch, the patch so designated fits the above criteria and was never meant for wear on the uniform.

Q = Lodge Rejects. Patches that are rejected by the lodge and returned to the manufacturer. These are not fake patches. After the lodge rejects the patches, they are sometimes released into the collectorate by the manufacturer.

Y = A broad category of patches and neckerchiefs that for one reason or another do not fit into the main listing. All known prototypes and samples are in this category. Also, patches that cannot be positively confirmed are

placed in this category pending future documentation. There are certain patches that are either camp patches, defective patches or other patches that have appeared in previous listings but should not really be part of this catalog. These are also given the "Y" designation so that when collectors unfamiliar with their story chance upon them, they will be able to make an identification.

Z = Fake. Fraudulent, bogus, unauthorized, phoney, spoof and other privately issued insignia.

FOS = Friends of Scouting

CSP = Council Shoulder Patch

### **The number - chronologically speaking**

The number following the issue letter(s) shows which sequential issue of an issue type (e.g. F, S, N, etc.) it is. Numbers correspond to the chronological sequence of issues with the lowest number being the oldest. No two issues from the same lodge and issue type have the same number unless they are varieties of the same issue. Decimal point numbers are used when needed to add items discovered since the original list. This infinite number supply allows chronological updates without changing the number system.

### **Background Color**

This describes the background color of the insignia. In the case of a twill, felt or sateen patch, the background color will be the color of the material. This will be the case even if the amount of material showing represents only a small percentage of the design of the patch.

In the case of fully embroidered patches or fully chenilled patches, the background color will be the predominate or main color of the badge. If there is no predominate color of the patch, then the background color is called M/C which stands for multicolored.

Neckerchiefs will always have a background color that is the color of the cloth neckerchief. Even if the neckerchief has an embroidered or silk-screened design that has a multicolored or background color different from the cloth, the background color of the neckerchief is still the color of the cloth.

### **Name Color**

When the lodge name is shown on the insignia, the color of the name is listed. If the lodge name is not on the patch or neckerchief, this column will be blank. In fact, even if there is other lettering on the patch such as lodge number, WWW, council or city, the "Name Color" column will be left blank to show that there is no name color. However, the color of this other lettering may be described in the "Comments" section.

### **FDL/BSA Color**

This color refers to the BSA proprietary symbol that is on many OA patches and neckerchiefs. The proprietary symbol is usually a fleur-de-lis (FDL), but may be a Scout sign, trefoil, BSA or sometimes "Boy Scouts of America" spelled out.

In 1975, the National Office decided that a proprietary symbol should be on each piece of OA insignia effective the following year, to protect the design of that insignia from unauthorized use and reproduction. While this action did little or nothing in regards to its intended purpose, the use of the proprietary symbol became quite popular and can be seen on most OA insignia issued after 1980.

Collectors should note that sometimes the proprietary symbol is camouflaged into the design and can be difficult to see. Additionally, some insignia issued prior to 1976 has a proprietary symbol on it.

## Color Key

### Metallics

GMY = gold mylar  
SMY = silver mylar  
BKM = black mylar  
BMY = blue mylar  
GRM = green mylar  
OMY = orange mylar  
PMY = pink mylar  
RMY = red mylar

### Reds

DRD = dark red  
RED = red  
LRD = light red  
DPK = dark pink  
LPK = light pink  
MAR = maroon

### Orange

DOR = dark orange  
ORG = orange  
LOR = light orange

### Orange With Red

COP = copper  
ROR = red orange  
SAM = salmon  
PCH = peach, light salmon

### Yellows

DYL = dark yellow, golden  
YEL = yellow

LYL = light yellow, lemon  
PYL = pale yellow  
MAN = manilla, buff, cream

### Browns

DBR = dark brown  
BRN = brown, chocolate  
LBR = light brown  
RBR = red brown  
GBR = gray brown  
TAN = light olive brown, sand

### Greens

DGR = dark green, explorer green  
FGR = forest green  
GRN = green  
LGR = light green  
PGR = pale green, mint

### Green With Brown

KAK = khaki  
DKH = dark khaki  
LOL = light olive  
OLV = olive  
DOL = dark olive

### Blue With Green

DTQ = dark turquoise  
BTQ = bright turquoise  
TRQ = turquoise  
LTQ = light turquoise  
PTQ = pale turquoise

### Blues

NBL = navy blue, very dark  
DBL = dark blue, royal  
BLU = blue, cobalt  
BBL = bright blue  
LBL = light blue, sky blue  
PBL = pale blue, powder blue

### Purples

DPR = dark purple  
PUR = purple  
BPR = bright purple  
LPR = light purple  
MAR = maroon

### Purple With Blue

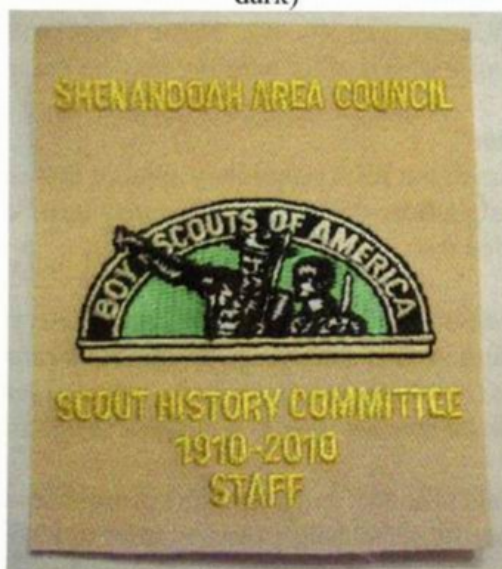

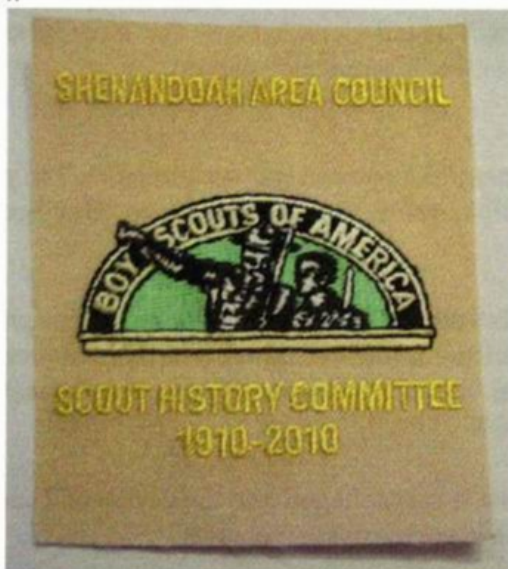

DVI = dark violet  
VIO = violet  
LVI = light violet, lavender

### Gray Scale

BLK = black  
DGY = dark gray  
GRY = gray  
LGY = light gray  
PGY = pale gray  
WHT = white

### Other

RWB = red, white, & blue  
M/C = multicolored  
GID = phosphorescent (glow in the dark)

Designed by History Committee Member, Mark Lentz

276 R1

Circa  
1950-1952

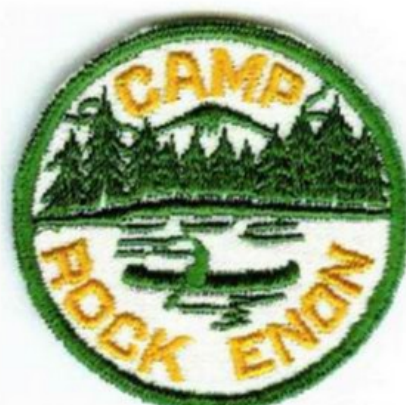

Dark yellow border, cut edge, white bkgnd, red lettering; arrow protrudes; center blank; twill. Pictured in Wabaningo Lodge Handbook in 1952. Camp Rock Enon patch sewn on it, worn on right pocket. First lodge patch, symbolized the importance of camp to OA. R1, R2, & R3 were worn on and off neckerchiefs. Fake exists, listed at the end of OA section. Sometimes the center of this patch was removed to better accomodate the camp patch.

Earned 5 year camper

276 Aruguable  
First Flap

1954

1954 3c Area Conclave patch given to all participants, but also used for Shenshaw-potoo new members in 1954 and possibly 1955. Worn on right pocket flap. Cost was \$.25. Designed by lodge founder, Ray Garrabrandt.

18 May 2001

Howard B. Blythe & Clark Miller was given Area III  
Patch (with apple and yellow arrow) when we both received  
our Obedience at this conclave at Rock Enon  
in April 1954, and did not receive any  
other patch at that time.

Howard B. Blythe

276 R2

1956-1960

200 made

brown cut edge, white bkgnd, light blue name, arrow protrudes, twill, center blank for SAC patch, sample was accepted at 11/29/55 lodge meeting. R1, R2, & R3 were worn on and off neckerchief. B variety has reddish-brown border. Neckerchief was made by John Poland at Perfection Garment Co. Martinsburg, WV (Dining Hall at Camp Rock Enon is named after Mr. Poland).

276 R3

1969-1974

brown cut edge, white bkgnd, light blue name, arrow protrudes, solid embroidery, 89 MM, white outer ring, circumferentially embroidered, R3 is much more common & was issued at least '69-'74.

276 R4

1963-1968

brown cut edge, white bkgnd, light blue name, arrow protrudes, solid embroidery, 94 MM, white outer ring, starburst embroidered, issued before R3

276 R5

1992

red border, rolled edge, multi-color bkgnd, red name, blue fdl, NOAC 1992 contingent.

276 R6

1994

black border, rolled edge, dark blue bkgnd, black name, 50th anniversary, yellow-orange "Tracks of Gold", No BSA or fdl

276 J1

1973-75

6 inch with arrowhead, brown border, cut edge, white bkgnd, light blue name, arrow protrudes, 6 brown "T"s. Artist labeled the deer tracks with "T"s to designate deer tracks, patch company left the "T"s in instead of replacing with deer tracks.

276 J2

6/1977  
114 made

6 inch, red border, rolled edge, multi-color bkgnd, red name, red BSA, BSA under deer, dark purple mountains, B variety has purple mountains. Designed by history committee member Rodney Hovermale.

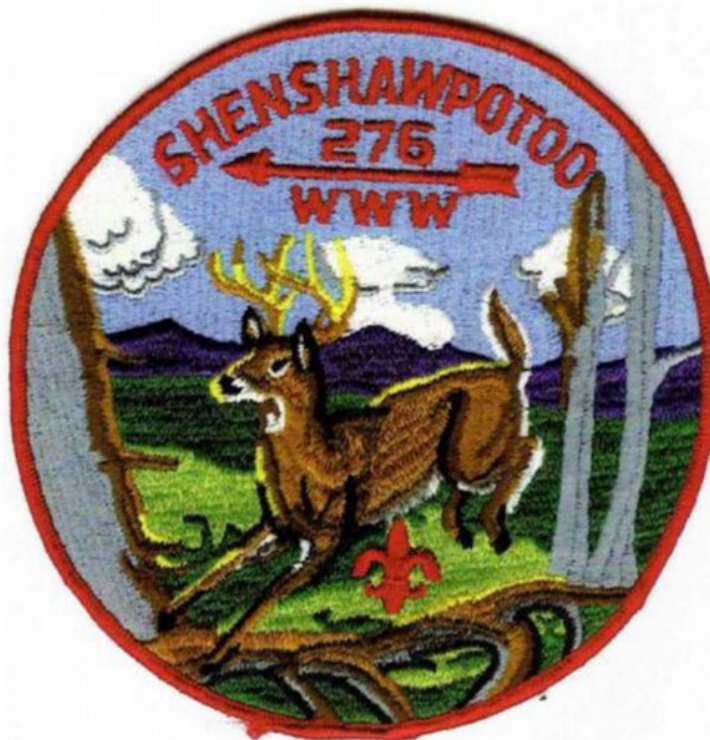

276 J3

1980-81  
100 made

6 inch, brown border, cut edge, white bkgnd, light blue name, arrow protrudes, brown fdl, called "surfer patch" because the deer tracks look like surfers feet.

276 J4

1980-81  
110 made

6 inch, red border, rolled edge, multi-color bkgnd, red name, red fdl under deer

276 J5

1982-85  
110 made

6 inch, red border, rolled edge, multi-color bkgnd, red name, yellow angled letter BSA, horizontally stitched, pale blue sky

276 J6

Late 1980s

6 inch, red border, rolled edge, multi-color bkgnd, red name, dark yellow upright lettered BSA, vertically stitched light blue sky, dark green/light green grass

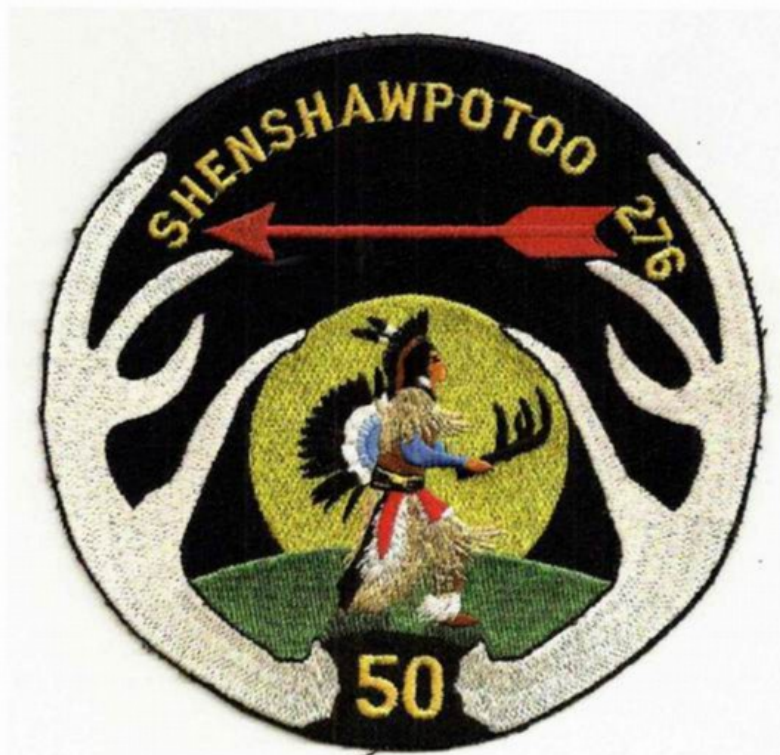

276 J7

1990-2005

6 inch, red border, rolled edge, multi-color bkgnd, red name, yellow angled letter BSA, vertically stitched light blue sky, dark green/light green grass, plastic backing

276 J8

1994

6 inch, dark blue border, cut edge, dark blue bkgnd, yellow name, white antlers, yellow "50", 50th Anniversary, No BSA or fdl

276 C1

1977-1986

white border, dark blue bkgnd, dark yellow fdl, white antlers, SPC (Standard Pennant Company) type 9 label, oval, 1 per year for vigil members; 1 per life for brotherhood members

276 Z C1

1976

white felt background, blue, red, and gray chenille, red number. Manufactured by The Standard Pennant Co., Inc.; Lodge member Leroy Young proposed this chenille as an item to be available only for vigil members. This design was rejected by the lodge. Leroy retained one of the prototypes and distributed the remaining 10 chenilles to friends around the country.

276 C2

dark brown border, dark blue bkgnd, white name, yellow "276", white antlers, white cloth back, SPC type 9 label, diamond, No BSA or fdl, 1 for life for brotherhood members and 1 per year for vigil members

276 C3

dark brown border, dark blue bkgnd, white name, dark yellow "276", white antlers, dark brown felt back, SPC type 10 label, diamond, No BSA or fdl, 1 per brotherhood and vigil members

276 C4

dark yellow border, dark blue bkgnd, dark yellow "276", dark yellow antlers, SPC type 10 label, diamond, 50th anniversary, No BSA or fdl, 1 per brotherhood and vigil members

1994  
approx. 88 made

276 C5

1996-2003

dark brown border, dark blue bkgnd, white name, dark yellow antlers, SPC type 10 label, diamond, No BSA or fdl, 1 for life for brotherhood members and 1 per year for vigil members

276 C7

bright yellow felt background, light blue & white chenille, red number & name. Manufactured by Shelby Patch Company

All neckerchiefs are listed from Shenandoah Area Council History Committee, not Blue Book.

276 N1

1961  
~75 made

yellow neckerchief, black border, with X-1 silk screened; made as a temporary neckerchief, 1 per life

276 N2

1956-1974

white neckerchief, red border, with R2, R3, or R4 attached, called "dress neckerchief", "formal inside wear", 1 per life, no trading

Summer Conclave, black border, rolled edge, multi-color bkgnd, black name, Designer: Rodney Hovermale

eR1976-3

Christmas Hi Jinx, blue border, rolled edge, multi-color bkgnd, red name, Designer: Rodney Hovermale

Starting in 1977 a fleur de lis or BSA was required on all patches. This protects against reproduction with a copyright. We were not worried about copying of activity patches and didn't necessarily put BSA or a fleur de lis on every patch.

eR1977-1

Spring Ordeal, light brown border, rolled edge, orange bkgnd, black name, white fdl, Designer: Rodney Hovermale
